

Mrs. Olof Burseth.

Anton Christianson, for many years Chief of Police in Cooperstown died at St. Luke's hospital in Fargo, Wednesday forenoon, August 7, at about 10:30 a. m., acute peritonitis being the cause of death. Mr. Christianson was taken sick the day previous and in the evening he was taken to Fargo in the hope that an immediate operation might be beneficial. He continued to grow worse, however, and was too weak to be operated upon, passing away as stated above. Deceased leaves a wife and baby to mourn his sudden death, and a host of friends who can hardly realize that he has gone. Just the day previous to his being taken so desperately ill, he was attending to his regular duties.
