

**Sentinel Courier:** On account of the death of her brother, which occurred recently at Carrington, Miss Mable Ewen, who held the position of principal in the Cooperstown High school, asked to be released from her duties in order that she might return home to be of assistance to her family. The request was granted and Miss Ewen will return to Carrington. As principal of our schools she was very efficient and made an enviable record and the local school officers as well as many friends made while a resident of our city will learn with sincere regret that she is not to return here.
