
Hatton Free Press We have been dissappointed so often this year with base ball teams not keeping their dates that we were mighty tickled when the Binford club came here on Sunday. In fact we were so tickled to see them here that we didn't even mind the beating they gave us and after thinking of the long ride they had to make home in the mud we only wish they could have or would have beat us worse. Binford has a good ball club, they play a nice clean game and the fans here are looking forward to the tournament when they will again have a chance to see them in action.
