

McHENRY AND SUTTON WIN

ERRORS IN SUTTON GAME AND NO HITTING AGAINST McHENRY RESPONSIBLE

Binford lost a loose game to the Sutton team on the Sutton grounds Thursday evening by a 9-8 count.

It was one of those games where you find the bulwark of your defense cracking at a time when the strongest support is necessary. "Rabbit" Alm, who usually plays a steady game at third, was off-color completely. Twice in succession he dropped pop fouls, which later resulted in the batters reaching the bases. In the same inning he fell asleep and allowed them to score. Once later in the game, on an attempted squeeze play by Sutton, he fielded the ball clean, chased the runner on third back and then made a bad peg to first, giving them another run. It was surely a bad day for our diminutive third sacker.

Kingsley and Wickham, former team mates, were the pitchers, and the argument was a 50-50 one. However, had Kingsley been given a little better support the outcome would have been different. A bad decision by the umpire in the eighth inning was also responsible for two runs for Sutton.

The game isn't worth a more extended write-up.

Too much Hall was the reason for Binford's defeat at the hands of McHenry at that place, in a five-inning contest Monday evening. Inability of the Binford batters to hit his offerings was responsible for a 3-0 game going to that club.

Doc. Ringlee was the only man on the Binford team who connected with the ball for the only clean hit made by our team. It was a drive into center. Besse is credited with a hit on a slow one along the third base line which he beat out. Only once was Hall in any danger of being scored on. That was in the second inning when Doc. Ringlee led off with a walk. He stole second, and went to third when the throw to catch him at that station went wild. With no one out chances for
