

BINFORD WILL PLAY BASEBALL

**CONTRIBUTIONS ASSURE GOOD
GOOD BALL TEAM FOR
THIS SEASON.**

The committee appointed to solicit funds for the support of a baseball team for the season of 1920 has been meeting with encouragement from practically all who have been approached. Enough pledges of support have been made by farmers and townpeople to warrant the management to seek the necessary players to give Binford a team that will hold their own with any in this section of the state.

Canvas of the town has not been completed yet, but this will be completed during the week, and with the money which will be derived from dances and other public doings, the matter of finances will be no source of worry.

Binford will be "there."
