

of Valley City officiating.

Druggist Anderson has greatly improved the appearance of the interior of his drug store this week by altering the position of the fixtures to better advantage both for himself and the public. The fountain has been moved from the front to the rear of the store and now occupies a position directly in front of the prescription case, thus saving a lot of walking when serving drinks, hot lunches, etc. The showcases are nicely arranged along the sides to the front, enabling him to display his stock to good advantage.
