

with a fresh coat of paint.

O. D. Freer has purchased H. B. Hanson's interest in the opera house and pool hall. Mr. Freer and A. M. Hanson have formed a partnership and will conduct that business and also the barber shop. The barber shop will be moved to its new location, just as soon as the necessary remodeling can be done. Plans are to use the entrance hall to the opera house for that purpose. The present doors and movie booth will be re-arranged. This move looks like a good business proposition. Both of the gentlemen are first class barbers and they will be in a position to handle anything that comes their way.
