

Sutton Reporter: The Binford folks who produced the play, 'Twixt Love and Money' at the opera house in Sutton last Thursday, met all expectations. They had their parts well memorized, and their impersonation of the characters they represented was fine. They have been giving plays of various kinds for several years, and the experience thus gained has made them among the best amateur troupes, perhaps in the state. The audience showed due appreciation of their efforts by liberal applause. Mrs. T. H. Lewis relieved the monotony of the waits between acts by a number of selections on the piano.
