

by all present.

The play, given last Friday evening, by the high school pupils of Cooperstown, entitled "Mrs. Briggs of the Poultry Yard," was well attended. The young folks carried out their parts creditably and received hearty applause. Between acts Miss Wehrs gave a group of readings and Hillard Langlie entertained with two violin selections. These two never fail to please and are always thoroughly enjoyed by Binford audiences. The players realized a neat sum here to add to what they already had made by putting the play on at Sutton and McHenry.
