Prof. Newmann is so well known in this city, that any comments on his performances would be superfluous. Prof. Newmann, who is the youngest and most famous mind reader and hypnotist in the world, has long occupied a place at the head of hypnotists, and he has a public of his own. His performances, beside their marvilous scientific value, have through their clever arrangement, been made to yield amusement to thousands annually. Prof. Newmann has been for 16 years before the public, as an exponent of occult mental phenomena, and as an entertainer he stands unrivalled, unequalled and unexcelled. This is Prof. Newmann's second engagement in our city, and the fact that he played to crowded houses during his last engagement, proves that his entertainment is highly meritorious.

Everything will be new throughout and his programs will be changed assuring all amusement patrons of one evening of clean and delightful fun of a new kind.
