

BIG ATTRACTION NEXT MONDAY

MOVIES AND DANCE FOR THE
BENEFIT OF THE BALL TEAM
—NEW SUITS NEEDED

Some people may think that because the baseball season for the local regular team is over, that no more money is necessary and to a certain degree that is true—but the boys feel that they want to be decked out in new garb for next season and are going about it early to secure funds with which to purchase the uniforms. There is reason for starting early. By starting now it is very probable that better prices can be obtained on a full set of suits from any of the supply houses, or it may be that they can be purchased from some of the league teams in the cities at a great saving.

Monday evening's attractions will be a five-reel feature picture "Whitewashed Walls," starring William Desmond, and a one-reel comic picture, "Good Gracious Grace." A story of the play is printed on this page.

Immediately following the movies, a big dance will be put on, with the Binford orchestra furnishing the music.

Don't miss this big night.
