

Binford gave its usual hearty response to the third annual Red Cross Roll Call, during the drive made for memberships last week. According to the reports turned in from the canvassing committee, consisting of the high school pupils, the village responded with practically a hundred per cent family membership. Due to the inclemency of the weather all the canvassing is not completed yet, but so far about \$115 has been subscribed. The canvassing teams have only good reports to turn in regarding their reception by the citizens of Binford, and the drive is considered most successful.
