

School Notes.

Written by Lydia Halling.

The Binford High cordially invited the Junior High to a weiner roast on Friday P. M., when the weather was just coaxing every one to be out and enjoy it. We walked about a mile down the railroad track, and after reaching a convenient spot, built a campfire. Around this, we roasted "weenies" and marshmallows, and ate sandwiches, the food vanishing surprisingly fast. When we struck out for home, we felt satisfied that the afternoon had been spent in an enjoyable way.

The Literary Society will hold a meeting on Friday afternoon when new officers will be inaugurated.

The English II class is reading Shakespeare's "Midsummerr's Night Dream" in class at present, and the play is found so interesting, that they enjoy that class more than any other.

The seventh and eighth graders had a "half holiday" Friday afternoon.

The fire marshal visited school Friday noon and pronounced everything O. K.
