Gladys Moen, Reporter

Hurray! The Freshies were hazed Tuesday evening, and were made to acknowledge that they were green, are green, and always will be green as long as they are Freshmen. Under the supervision of the upper class men they sang songs, stood on their heads, and danced. The dances were indifferent, being neither for, nor against. The actors in this drama were encouraged and edged on by the application of nursing bottles and gammel-ost, the familiar odor of which still clung to them the following morning despite all that sweet smelling soap and toilet water could do. After this rough treatment they were escorted to the movies by their tormentors. On the whole, the Freshies conducted themselves admirably.

The first program of the High School Literary society will be held Friday morning at nine o'clock. Parents are welcome. Program follows:
