

## Blairford School Notes.

The following high school subjects are being taught this year: Commercial Arithmetic, Book Keeping, Political Economy, American History and Civics, Algebra, Botany, English I., English II., and English III.

An enthusiastic manifestation on the part of the student body to do good conscientious work, promises a happy and successful school year for both pupils and teachers.

Parents can do much toward making our school a success by co-operating with the teachers, and by seeing that their children attend school regularly. When a child is enrolled in school, school is his business—see that your child attends to business if you would have him receive the full benefit afforded by attendance in our public school.

Pupils from outside of our district may be enrolled in our high school as long as we can accommodate them.

Following is the enrollment:

### Primary Department

Boys	18
Girls	23

### Intermediate Department

Boys	15
Girls	18

### Grammar Department

Boys	16
Girls	12

### High School

Boys	13
Girls	17

Total 132
