

Mrs. Frank Bowe was the astonished central figure in a delightful surprise party, Tuesday afternoon, at her home, when twenty-nine lady friends dropped in on her while she was busy about the house packing up her household goods prior to her departure from Binford to make her future home at Finley. Mrs. W. E. West, in a few appropriate words, presented to Mrs. Bowe, in behalf of the assembled guests, a beautiful cut-glass vase and a half dozen silver coffee spoons, as a mark of esteem and friendship. Mrs. Bowe feelingly expressed her gratitude and her regret at leaving the home folks. The pleasant afternoon was concluded by a delicious five o'clock lunch, after which the guests departed wishing that Mrs. Bowe would find only good things in her future.
