

## Teacher's Institute.

An institute for the teachers of Griggs County will be held in the Gymnasium at Cooperstown during the week beginning October 20th. Mr. Edward Erickson of Bismarck, State Inspector of Rural Craded and Consolidated schools, has been appointed Conductor of the Institute, and Miss Mae Boyd, primary instructor of the Cooperstown schools, will be assistant conductor.

A very interesting program has been planned. Grain grading and cream testing will be demonstrated. Demonstration classes will be given. A quarter day's program of recitation of a rural school will be given by the teacher and pupils of one of our progressive rural schools. Community singing will be a feature of each day's program.

Miss Minnie Nielson, State Supt. of Schools, will be present at the Institute on Thursday, Oct. 23rd. We hope to have the school officers meet with us on Thursday, also.

A social evening will be planned during the week and we invite every one to come and meet the teachers and make them feel that you are interested in their work.

All meetings of the Institute are held in open session and we invite every one to attend. If you are interested in our schools and school problems come and help us solve them whether you have children in school or not.

Remember the date—the week of October 20th.

Tena P. Regner,  
Co. Supt. of Schools.
