

here to the I. O. O. F. Grand Lodge.

Play-goers of Binford and vicinity were highly entertained by the members of the Clearfield Dramatic club last Friday evening when they presented "The Miller's Daughter" to a packed house. Every member of the play presented his or her role to the satisfaction of all and every minute of the evening was one of enjoyment for those present. Time and space prohibits us from giving each one of them the especial mention that they so well deserve. The people attending felt well repaid for their time and money in attending, the evening proving to be one of great pleasure. At the close of the program a dance filled the hours until quite late, as also did the drenching rain which fell all night and tied up autoing. The receipts of the show amounted to about \$110 and the dance \$77.00.
