The local fire department was cal- a led out Saturday by a report of fire t in Dr. E. F. Ringlee's home. The fire started by lighting a match to a burner of the gasoline stove that I had overflowed. The blaze was put a out with a small fire extinguisher, before the boys arrived. No dam. t age was done by the fire. Again Sunday the alarm was sounded. This time fire had started from on overheated range at the Oscar Greenland home, which was also extinguished before any damage was done. We are
