

# **RED CROSS ROLL CALL IS NOW ON**

**A Heart and a Dollar Are the Only  
Essentials—100 per cent Mem-  
bership Wanted.**

Any Binford, or Griggs county, resident who has a heart and a dollar can this week become associated with the greatest humanitarian movement the world has ever seen—the American Red Cross.

Workers have commenced a house-to-house canvass of this town in the Red Cross Christmas roll call, the goal of which is to put one or more Red Cross memberships in every home in Binford. No money except for memberships will be asked. In the event of oversubscriptions, however, the money will be devoted to membership for families financially unable to join.

Binford citizens generally should respond to the roll call. The Red Cross faces as big a task in reconstruction as it did in war and with this knowledge we are confident that Binford and her citizens will again go over the top.

The roll call commenced in the county, the state and the nation on Monday to continue until Monday evening, December 23.
