

GRIGGS COUNTY SCHOOL NOTES

Interesting Items of School Activities
Furnished Our Readers by
Supt. Regner.

A number of Griggs county teachers attended the Central Education Association at Valley City last week. Patriotism was the general theme of the entire program. The addresses were intensely inspiring and each one had a special appeal.

There are only three schools which have not reported Junior Red Cross auxiliaries. We urge these schools to organize as soon as possible.

There are three branches of War Service which we are asking the schools to continue during the vacation months. They are the Junior Red Cross work, The War Savings Service, and the Boy's and Girl's Club work, which includes war gardens, pig and poultry contests. We are asking the parents to encourage these projects, giving their permission and their support in making this work a success. We hope to have Children's Market Days during the summer, giving the children an opportunity to dispose of their garden produce and their poultry. The money thus earned will be used to purchase Thrift and War Savings stamps.

The Play Day committee met last Saturday and final arrangements were made for our Fourth Annual Play day to be held May 18. The program and further details will be announced next week.
