

# CONVERT YOUR LIBERTY BONDS

**COUPONS OF FIRST THREE ISSUES MATURED—NO INTEREST UNLESS EXCHANGED**

—  
—

Holdings of temporary Liberty bonds of the first, second and third issues are advised to have them exchanged for permanent bonds, so that they may receive the interest due them.

In order that delivery of permanent bonds may be expedited and the congestion on the interest payment dates eliminated as far as possible, all bond holders are requested to make presentation for exchange as soon as possible.

Oscar Greenland, chairman of the Liberty Loan committee of Griggs county, has received the following advice from the Federal Reserve bank of Minneapolis:

"We are advised by the Treasury Department that there is a large number of temporary bonds of the First, Second and Third Liberty Loans that have not yet been exchanged for permanent bonds, and which are still outstanding. The next semi-annual interest payment date on bonds of the First Liberty Loan is December 15, 1920, the Second Liberty Loan November 15, 1920 and the Third Liberty Loan on September 15, 1920. All coupons have now matured on temporary bonds of these issues and holders of such temporary bonds will not be able to collect the interest due on these dates, unless the temporary bonds have been exchanged for bonds in permanent form with coupons to maturity attached.

"The Treasury Department has informed us that because of unavoidable delays in preparation of permanent bonds of the Fourth issue, sufficient stock will not be on hand by October 15, 1920, to enable them to commence deliveries on that date. As soon as the date for commencing such deliveries can be definitely determined, appropriate announcement will be made but it is improbable that this will be prior to January 1, 1921."
