

SUBSCRIPTIONS ARE COMING IN

Late Returns Show Griggs County
Has Subscribed \$25,000 in Ex-
cess of Its Quota.

Chairman Rogers congratulates
Griggs county and all Victory Loan
workers for the success of the drive
in the following letter to Chairman
Greenland:

May 10, 1919.

Oscar Greenland,
Binford, N. D.

My Dear Mr. Greenland: At the
close of the fifth and last Liberty
Loan Campaign and as we all retire
to private life, the Liberty Loan Or-
ganization being dissolved, I wish to
extend to you my personal thanks
and appreciation for the splendid
service which you have rendered to
the War Loan organization.

The magnificent results attained
in the Ninth Federal Reserve Dis-
trict are attributable solely to men
like yourself who have contributed
so largely of their time, thought and
energy and whose devotion to this
wonderful program has made suc-
cess possible.

For myself, personally, I have en-
joyed working with the entire organ-
ization, both individually and collect-
ively, and as the organization is dis-
solved, I, at least, will leave it with
regret that the pleasant relations
which have been sustained during
the past two years must be termi-
nated.

I wish to thank you for the pa-
tience and forbearance which you
have displayed from time to time
with our organization and assure
you that I appreciate all that you
have done to lighten our burden and
make the task a pleasant one.

Wishing you success and with
kindest personal regards, I am

Yours very truly,

A. R. Rogers,
Chairman.

Griggs county has maintained its
patriotic record in the Victory Loan
campaign, which closed last Satur-
day. Subscriptions which have been
reported to Secretary Syverson up to
Tuesday morning, brings the total
up to \$365,450. There is at least
\$550.00 more subscribed in Dover
township that hasn't been received
and \$600 or \$700 more thru the rail-
road administration that will be cre-
dited to the various places where the
company has stations.

Chairman Greenland is greatly
pleased over the record Griggs coun-
ty has made. The response was
heartening. Had the roads and the
weather permitted, Griggs county
would have made her apportionment
the first week.

Much credit is due those who vol-
untarily met their patriotic obliga-
tion.

What shall we say of those who
refused to buy and by their refusal
imposed additional burden on those
who had already made considerable
sacrifice.

Perhaps the less said the better,
but the chairman before sending in
his final report will await the furth-
er action of these that no injustice
may be done. They may still sub-
scribe with him during the coming
week altho the subscriptions cannot
be entered as a credit to this county.
It will be individual.

Buttons will be sent to all banks
doing business in the county, so that
any purchaser of a bond may have
one. They could not be had in suf-
ficient quantity early in the cam-
paign.

The banks have ordered bonds, so
that any purchaser who paid cash
for his bond may have it on applica-
tion.

It is confidently expected these
Victory bonds will sell at par within
six months. Hold your bonds as
they are a most attractive invest-
ment.

No better security financially is
anywhere available, should you want
to borrow money for any laudable
purpose.

The county made it. Every coun-
ty in the state reached its goal but
one, and that was a Valley county.

The state made its quota as did the
Ninth Federal Reserve District and
the Nation as a whole oversubscrib-
ed the four and a half billion dollars
required to pay its present obliga-
tions in the way of bringing our
boys back home from overseas, and
meeting the demands for readjust-
ment to normal industrial and agri-
cultural activities.

The chairman and committee feel
grateful to all who so nobly respon-
ded by subscribing and to those who
gave their active and helpful serv-
ices in the patriotic work of the cam-
paign.

The following is a statement by
townships of the subscriptions re-
ceived:

School Notes.

By Inez Greenland.

Last Thursday afternoon the
Freshmen were invited by the Soph-
mores and Juniors to go down to the
drug store for a little "spread." The
guests were asked to find their
places which were marked by
place cards bearing each one's name,
written in puzzle form and having
maroon and white (Sophmores) and
green and white (Junior) ribbon in
two corners. To the music of the
"Edison" the ice cream and cake
were eaten with much enjoyment
although the weather wasn't of the
best kind for such refreshments.

Friday morning shortly after the
"last bell" had been rung the fire
gong sounded. Everbody at once
was on his feet and in half a minute
the school house was minus about a
hundred pupils.

Susie Shaw, Lydia Halling, Irene
Fritz and Florence Greenland com-
posed a parody on "Smiles" which
they sang as a surprise at the Liter-
ary program, Monday.

The High School Room enjoyed a
half holiday last Friday afternoon.
For this reason the Literary Society
postponed their meeting until Mon-
day when the following program was
given:

Roll Call - Current Event
Farwell Address by President Inez
Greenland
Inaugural Address by Ivar Knapp
Song--Purple and the Gold
Life of Joel Chandler Harris by Ma-
ble Simonson
Uncle Remus Story--"The Wonder-
ful Tar Baby" by Nellie Shaw
Quartette--"My Mammy's Voice"
by Florence Greenland, Pearl Pet-
erson, Howard Lewis, Ivar Knapp
Songs by the School

Leo Dahlin was a welcome visitor
in the High School Room Monday
noon.

The pupils of the seventh and
eighth grade are sending flowers to
Laura Rice at Fargo, where she un-
derwent an operation for appendici-
tis.

Miss Rivenes' room took their half-
holiday, Tuesday afternoon.

"The Miller's Daughter," a four
act play will be presented at the op-
era house in Binford, on Friday eve-
ning, May 16th. The show is put on
by the Clearfield Dramatic club, and
judging from the flattering reports
that have reached us from those
who have seen it, it should be well
attended.
