

"Y" CAMPAIGN WAS SUCCESS

Quota for County is Over-subscribed—Binford Makes Splendid Showing Again.

Chairman Butler, of the Griggs county Y. M. C. A. campaign committee, has furnished The Times with the following account of the drive for funds in this county:

The recent campaign for funds to carry on the work of the Young Men's Christian Association among the soldier boys met with a splendid response from the people of this county. The state will exceed its quota; our district, the Fifth, will go considerably over; but the county will go over the top by a larger percentage than any other portion of the district. In accomplishing this result, we certainly are glad to acknowledge that great credit belongs to Binford and the neighboring townships. Judge Coffey, who has charge of the campaign in this district, is very warm in his praise of the generosity of this county. It is certainly a pleasure for those who have charge of raising these funds to meet such support on the part of the people.
