

Hannaford Enterprise: In line with the policy of the Government to conserve man-power as much as possible, it has been decided to consolidate the work of the two depots in this village. The N. P. depot will be closed for the period of the war, and all trains on the branch will be run over to the G. N. depot to put off and let on passengers and freight and then will be backed out onto the branch line and resume their journey. Similar consolidations are being made at most all junction points and the total saving will undoubtedly be great.
