

The Griggs County fair closed last Saturday, after four days of the best show ever put on by any county in the state. In fact, it is recognized and admitted that our county fair is far superior to that of any other county. The horse races were exceptionally good and the same can be said of the auto races. The race by five stock cars was a novel feature and was won by H. B. Hanson of Binford. The base ball games were interesting exhibitions, two of the games going into extra innings. As usual, the live stock exhibit was splendid and contained many additional entries. Ex-President Taft was a drawing card for Friday. The aero-plane stunts by Earl's Liberty Flyers were greatly enjoyed, as were the various free attractions in front of the grand stand. Summing it all up the fair was a hummer, and great credit is due the management for its success.
