

er visit.

The meeting held last evening in the Odd Fellows hall to discuss the labor and wage problem was well attended. After considerable discussion, a committee composed of Swen Gilbertson, Otto H. Bruns, Albert Goplin, M. D. Leininger and A. M. Hemerlin was elected to meet with committees elected in other parts of the county, at Cooperstown, next Saturday evening, after the threshermen's meeting, when it is expected a uniform wage scale will be adopted for the county.
