

away from the farm.

**McHenry Tribune:** George Peterson has purchased a half interest in the well known hardware business of N. O. Haugen of this city. Possession will be given January 1, and Mr. Peterson will have active charge of the business. A complete line of implements will be added and the business conducted along strictly business lines. Mr. Peterson is well and favorably known here, and we bespeak for the new firm a good trade from the start.
