
Cooperstown Man County Manager.

Steele County Farmer's Press: E. T. Moe, a farmer of Griggs county, has accepted the position of county manager of Steele county for the Nonpartisan League, and entered on his duties the first of this week. Mr. Moe takes the place of Bjorn Johanson, who resigned the first of the month to take up similar work in his home county in the northeastern part of the state.

Mr. Moe is an old resident of our neighboring county, a practical farmer, well posted on the aims and purposes of the Nonpartisan League. Having had years of experience on the farm he is conversant with the needs of the farmers of this section, and with his large acquaintance over this territory will be a valuable man to the organization. He will make his headquarters at the office of the Farmers Press.
