

The Sons of Norway picnic at Red Willow lake last Sunday was a success in every respect. The weather was ideal for an outdoor gathering and long before the program began it was evident that another crowd like the Soldiers' picnic last year would be on hand. A combined band from Pekin, Willow and Binford played several numbers before the noon hour. At one-thirty the band opened the afternoon program, followed by vocal numbers by the Binford and Cooperstgwn choruses. States Attorney Tufte held the attention of his hearers in a review of the events since the picnic held in honor of the Griggs county draft men at the lake last year. Mr. Tufte then introduced J. F. T. O'Con-

nor, of Grand Forks, who, for two hours, told in a forceful and interesting way, which made the blood of Americans course more rapidly, of our boys in France and what they would ultimately do to that lying, licentious, arrogant, baby-killing, woman-despoiling, Kaiser of the uncivilized Huns. He left a personal message for any pro-Germans who might be in the community. Mr. O'Connor furnished proof for his statements. His was one of the best addresses on the war ever heard in this community. The indoor baseball game between Binford and Pekin resulted in a victory for Binford. "Some day" is the concensus of opinion.
