

DIRECTORS VIEW PARK GROUNDS

RECOMMENDATIONS MADE FOR NEW ROAD AND BALL PARK COMMITTEES SELECTED

Directors of the Red Willow Lake association met at the lake last Friday to go over the park site, to gain as near as possible, information that will be necessary in advance of any permanent improvements that may be started.

In order to make haste, committees were appointed, who will have charge of the various movements under consideration. These are:

Road Committee—Otto Pritz, A. H. Overby and Matt Rorvig.

Baseball Ground Committee—E. F. Ringlee, F. G. Lewis and Robert Thorn.

Landscape Committee—A. J. Anderson, H. A. Brown and Matt Rorvig.

Fish Committee—Aug. Evers and Robert Thorn.

The members who have conducted the drive for stock sales, report very satisfactory results, but more people will have to become interested to make the project the success it deserves to be. The proposition is too large a one for a few to handle. The movement to make Red Willow lake a popular summer resort is well launched, and the initial developments assures its completion—there's no backing up now—but more of us should show our interest in the way of substantial subscriptions for stock in the enterprise.

That the association has big plans for Red Willow is shown by the first attraction which has been booked. Wm. J. Bryan will be there on Saturday evening, June 19th. Frank

Weber, of the National Federated Community association is another who has been engaged for the afternoon of the same day, and there will be other attractions, to be decided upon later.

Help us put it over is the slogan.

"The Master Man" begins with a big, tragic situation and moves rapidly from one powerful climax to another, and from a technical point of view is said to be a model of direct continuity.

See this movie Saturday night at the Lyric theater.

NESTOS WILL BE IN BINFORD

PROMINENT WARD COUNTY ATTORNEY WILL SPEAK HERE NEXT THURSDAY

Hon. R. A. Nestos, one of North Dakota's most prominent men, will speak in Binford next Thursday afternoon, on state political issues.

Mr. Nestos will spend two days in the county and we have been fortunate to get him here one of those days. He has always been known as one of the most progressive public men in the state, is an able speaker and treats the issues he is discussing fairly.

He has been state's attorney of Ward county for a number of years and a member of the legislature from that district. Possibly no man in the state is better posted on political affairs of North Dakota than he. Mr. Nestos was one of the gubernatorial candidates at the Minot convention, which nominated Attorney General Langer for governor. He is supporting the ticket selected at that meeting.
