

Plans for Monster Picnic Saturday Are Complete--Bryan Speaks at 7:00 in the Evening.

This newspaper was of the opinion that the gentleman, who was nominated, was not the logical standard bearer for the real Republicans in North Dakota at this time. Now, as then, The Normanden believes that Attorney General Langer could very well have waited awhile longer after his break with Townley before he aimed at such high office. The convention at Minot was, however, of another opinion and as this convention in every way was justly and fairly managed, there is no reason Townleyism should be impaired by not accepting the choice of the convention.

Besides there never has been any reason to doubt Attorney General Langer's ability or his fitness for the office. In addition he is a courageous man who will not take orders from anyone but the common people. His frank and manly declarations during the campaign and his contempt for under-handed methods will gain for him the confidence and approval of the great majority of voters who are decidedly hostile to political machination of all kinds. The Normanden sees no reason why all friends of democratic government cannot support the state ticket nominated in Minot. Besides General Langer, one will find on this ticket some of the ablest men in the state. And it is with a great deal of satisfaction that we note the fact that Norwegian-Americans for once are represented in proportion to their numerical strength in the state.

"The main issue in this campaign is to kill off Townleyism at the primaries, June 30. There is only one way in which this can be done, and that is by voting the entire Anti-Socialistic ticket from Langer down to the last man on the list."

Installment Due on Income Tax

The second quarter of the federal income tax for 1919 was due and payable Tuesday, and persons who left their taxes become delinquent will be obliged to pay the entire balance of their income tax besides the penalty which is added, according to the law governing the collection of such revenues.

The income tax is payable in four

Baseball Game and Dr. Weber in the Afternoon--Commun- ity Club Will Furnish Free Coffee.

Saturday will be a big day at Red Willow lake. Jot that down as a fact.

The Red Willow Lake Park association isn't sparing a penny to make this opening event at this popular resort, one that will be remembered long after others have been forgotten. It is an ideal spot for just this kind of an attraction, and with favorable weather, the traffic cops are going to have their hands full to find parking room for cars.

Of course, William Jennings Bryan is the main attraction. This silver-tongued orator speaks at the Valley City chautauqua during the afternoon and comes here for the evening and will commence his address at 7 o'clock. He is enroute to the Democratic National convention at San Francisco, and is delivering a few lectures on the way.

Dr. F. R. Weber, of the National Federated Community association will speak at 1:30. Mr. Weber has been heard in Binford and elsewhere in this community during the past two winters, in connection with our community entertainments. He is a splendid talker and handles his subject, "Community Co-operation," without minding his words.

Immediately following Mr. Weber's address a baseball game between two good teams will be played. When that is over, you will have time for lunch before listening to Mr. Bryan's lecture.

The association is making a charge of \$1.00 for the entire day's attraction. Where Mr. Bryan speaks, an admission of \$1.00 is usually made to hear him. At Red Willow you can hear him and Dr. Weber, and see the ball game for the same money.

Come prepared to stay all day and come early. It costs the same. Bring your lunch and cups. The Binford Community club will furnish coffee free at noon and at supper time.

Buy a tag for \$1.00.
