

BRYAN TO SPEAK AT WILLOW LAKE

**SILVER-TONGUED ORATOR WILL
DELIVER LECTURE SATUR-
DAY EVE., JUNE 19**

The headliner for the big doin's at Red Willow lake, Saturday, June 19, will be William J. Bryan, who is on a chautauqua tour of the country.

The management of the lake association feel that they have secured an attraction that the people will be sure to appreciate. Mr. Bryan's lecture is strictly of a non-political nature.

Although the program for the day has not been completed, The Times can assure its readers that there will not be a dull moment.

Dr Frank Weber of the Federated Community association will speak during the afternoon, and there will be a base ball game between Cooperstown and McHenry. In next week's issue we will give a complete outline of this important day.
