
A. H. Retzlaff To Rebuild Elevator
Sutton Reporter: A. H. Retzlaff decided some time ago that he could not do better than re-enter the grain business in Sutton, so he will rebuild the elevator that was destroyed by fire April 10 and a contract has been awarded to T. Ibberson & Co. of Minneapolis for a building with capacity of 30,000 bushels. This is a larger elevator than the former one and will be built on the same site. It will be an up-to-date structure with all late machinery with the exception of the feed mill, which will not be installed again.

Work on the elevator will commence next week and is to be ready for business September 1.

Mr. Retzlaff enjoyed a good patronage in years past and will be pleased to have his old customers remember him when he starts up this fall.

The contract for the new elevator was let for \$20,000.
