

the door.

The local fire department was called out Saturday by a report of fire in Dr. E. F. Ringlee's home. The fire started by lighting a match to a burner of the gasoline stove that had overflowed. The blaze was put out with a small fire extinguisher, before the boys arrived. No damage was done by the fire. Again Sunday the alarm was sounded. This time fire had started from an overheated range at the Oscar Greenland home, which was also extinguished before any damage was done.

Ladies: We are
