

---

Leavenworth Echo: Congressman James H. Sinclair of Kenmare, N. D., stopped off here Tuesday night and visited until Wednesday afternoon with his brother, Fred, and family, while enroute to California to visit his mother and other relatives. Mr. Sinclair liked this section of the state very well but could not understand in so short a time just where all the money comes from to keep the wheels of progress moving with such evident persistency; but he had never lived in a real fruit country.
