

School Notes.

The advanced room had a half holiday Monday morning which will be counted against its next regular holiday, on account of the absence of Miss Ewen, who was out of town over Sunday.

All three rooms are using a flag salute in their morning exercises now.

Artur Alm has been absent from school several days on account of the mumps.

The pupils of the intermediate room have written "jingles" concerning the conservation of coal, wheat, etc. Here are a few of them:

Tag your shovel, save your coal,
Mind your Uncle Sam;
"Can the Kaiser" that's the goal
For every honest man.

Our soldier boys so brave and true
Have gone across the sea,
To fight for me and fight for you,
And for Democracy.
Stand by our lads and do your bit
In every way you can;
Save coal, buy stamps, work and
knit,

And help your Uncle Sam.
—Alvin Peterson, 6th Grade.

Save, save, save,
Coal and wheat for all.
Do, and you will help the brave
Going to our country's call.
Keep the Stars and Stripes afloat
Over the land of the free,
Then some day you'll be cheering
Our Sammies over the sea.

—Blanche Greenland, 6th Grade.

Everyone of the thirty-eight pupils in the intermediate room are buying Thrift Stamps, or saving money for War Savings Stamps. The advanced room, though smaller, can boast of the same record.
