

Fargo Forum: Somewhere on the Northern Pacific tracks in the transfer yards in Fargo, Rose Patch, famous racing mare, was pawing the board of her car last night while her trainer, Bert Morrison, of Glencoe, Minn., explored the yards to find Rose to give her a drink of water, the first in 24 hours. Rose Patch, 6 years old, sired by the famous Dan Patch, came into Fargo over the Milwaukee for transfer at this point for Cooperstown to be returned to her owner, Dr. J. A. H. Winsloe, pioneer veterinarian of Cooperstown, who purchased Rose Patch last spring, and added her to his string of racers. Mr. Morrison kept the telephone wires in the Northern Pacific freight house and the yard master's office hot in an effort to get the car spotted. It was nearly midnight before he found the racing queen, and gave her a drink.
