

anticipated.

The Legion dance last Friday proved to be all that was anticipated and more. The hall was packed with dancers and nothing occurred to mar the pleasure of the merry-makers. The boys had contracted for a variety of dances, including the quadrille, polko, schottiche and the newer steps, and the way everyone entered into the spirit of the occasion proved that the Legion boys are not to be scoffed at when it comes to staging a genuine party that all may participate in. Seventy-eight tickets were sold, which, after deducting the expense, will leave a substantial balance for their treasury. The excellent suppers served at both restaurants also contributed to a great extent to the success of the event.
