

at Sneyenne.

The American Legion boys are making elaborate preparations for their annual dance, to be given at the opera house tomorrow (Friday) evening, and if one can judge from the past doings that have been sponsored by the Legion boys, the affair tomorrow night will surely be one of the big social events of the season. The advance sale of tickets has met with ready response, which augurs well for a large crowd. The local post has been put to some expense in providing the skating rink and part of the proceeds from this dance will go towards defraying that cost. A real treat in the eat line is also assured, as both restaurants have arranged a special menu of goose and chicken for the occasion.
