

are made for the future.

The skating rink for Binford, which was mentioned in our last week's issue, is to become a reality. Post Commander, G. A. Tufteland, of the American Legion, who is back of this movement, this week received notice from the railway company offering use of right-of-way and water, and as soon as the plot is leveled and sides banked, a representative of the company will come to Binford to assist the boys in any way necessary.
