

six girls.

The home talent play, "All a Mistake," given last Friday evening was surely one of the best ever produced by the Dramatic club. The many flattering comments passed upon its presentation and the hearty applause leads us to believe it was thoroughly enjoyed by the large audience. In fact, it was a play where every character had a part containing some humor. The applause and laughter were so great that the performers were obliged to stop several times. Every available seat was taken and it was necessary to put in planks to provide more seating capacity. The receipts amounted to \$165.20 from the play and \$30.75 from the dance following. After all expenses are deducted a substantial balance will be left to apply on the purchase of base ball uniforms.
