

ALUMNI PICNIC

The Binford high school alumni had an enjoyable picnic at Red Willow lake Saturday. Florence Greenland and Irene Pritz acted as chafuers for the twelve members present and the guest, Miss Dinkle, of the University of Grand Forks.

Shortly after arriving at our destination, a delicious lunch, consisting of potato salad, sandwiches, baked apples, cake, ice cream and coffee was served.

Following the hearty meal, the President of the Alumni association, Florence Greenland, called the meeting to order. Howard Lewis acted as toastmaster and delivered the address of welcome to the Class of 24. Nellie Pritz responded to the welcome, as the class president was unable to be present.

Inez Greenland, one of the two founders of the association, who is now living in Idaho, showed that she had not forgotten her old school mates by sending greetings to them, and extending the wish for success in the work they are planning to do for their Alma Mater.

Ivar Knapp, the other founder of the association, and our first graduate from a higher institution of learning, namely, the University of North Dakota, was given a yell in honor of his perseverance which carried him through.

The toastmaster called upon most of those present for a short talk.

The new officers elected were:

President, Blanche Greenland.

Vice President, Pearl Peterson.

Secretary, Edna Lewis.

Treasurer, Irene Pritz.

During the afternoon everyone played indoor baseball with a great deal of vim, 'til a small rain shower bade us seek shelter. As a couple of the girls took their ukeleles along, and a piano was accessible, the weather was forgotten by singing and playing. Indeed, "It Aint Going to Rain No More, No More," was sung so merrily that soon the clouds went away, and the call, "let's have some more cats" started everyone for the serving tables. It proved to be a case of "the more you eat the more you want" and before we departed for home we had lunched three times.

"A perfect day" was our thought, as we left the picnic grounds.
