

the funeral of his mother.

At a meeting of the Board of Education last Wednesday evening, the matter of additional school room was discussed, and it was decided that the information possible be obtained regarding the issuance of bonds, and as to whether or not it would be advisable to add another story to our present building or to get an addition to one side. The committee is expected to collect all the data and present it to the Board at its next meeting, and then later submit it to a mass meeting. The suggested condition of our school is for immediate action. The seating capacity now is entirely too inadequate and there is certain to be a much larger enrollment next year.
