Services in Mose Saturday, Feb. 2nd, at 1:30 p. m. In Gethsemane church on Feb. 3rd at 11 a. m.

## PUBLIC SCHOOL NOTES

Pupils having an average of 90 or over:

Fourth Grade—Dolores Osen Lenard Overby.

Fifth Grade—Bernice Greenland, Vernon Peterson, Catherine Asmus, Florence Dahlin.

Sixth Grade—Cleo Knapp, Ruby Alm, Jeanette Burseth.

On Friday afternoon the intermediate room was the scene of a great deal of excitement when the pupils of that room surprised Miss Shaw with a candy shower. Miss Shaw also gave a treat to her pupils and their younger brothers and sisters.

Miss Mary Holt of Grafton arrived Saturday to fill the vacancy in the intermediate room after the resignation of Miss Formoe. Miss Shaw has substituted since Christmas.

During the past week a general review of the subjects taken by the high school students has been taking place. It seems that most students are sure of credits in the subjects they are carrying.

The first set of examination questions formulated by the State Board of Education has proven to be a surprise. The questions asked are such that the students were able to answer them. A choice of five out of seven questions was offered. Examinations in the remaining subjects will be given during the week. Thus far exams have been given in English 1, English 5, Economics, and Elementary Algebra.

Dr. A. A. Whitman, M. D., State Health Officer, with the approval of Miss Minnie Neilson, is planning a state-wide Health Survey of all school children. The day appointed is February 8th. This will include only information furnished by the various teachers in their observations of the children's health habits. In other words, this is a "Physical

Inspection Day."

The Vesperian Club held a meeting last Wednesday evening. Election of officers was held for the new period. The following officers were elected: Edna Lewis, president; Nellie Pritz, vice president; Mildred Dahlin, secretary; Palmer Rorvig, treasurer. A program was rendered following the business meeting. The next regular meeting of the club will be held January 22d.

Not to be outdone by the ladies with their frequent coffee parties, two of our prominent gentlemen entertained in real style last Sunday at a stag party. The hosts were Wm. Robertson and Andrew Dahlin, who served an elaborate six o'clock dinner at Mr. Robertson's bachelor quarters on main street. Covers were laid for four and mulligan soup, prepared by Mr. Robertson, was the "piece de resistance." After the fishes were cleared away, the gentlemen enjoyed a few games of flinch and rook.

## TO WAR ON SIGN BOARDS

Advertising sign boards along the public highways of North Dakota will be torn down by the state highway department, while those located on private property will be "looked on with disfavor" by the department, "unless provision is made by the state to collect a tax therefore," W. G. Black, state engineer, has written to the Mangan Town Criers Club.

Promoters who have been canvassing the state seeking to erect highway sign boards are wasting time and money as well as money of advertisers, Mr. Black declared. Even trail markers are taboo, the estate engineer said, for the state will launch a state-wide road marking in the spring.

For a Good Meal  
of a good  
Cup of Coffee
