
WE ATTEND HOME TALENT

PLAY AT BINFORD

Pekin Budget: A number of Pekinites, among them the editor and his family, autoed to Binford last Friday evening to attend the Norwegian Home Talent given by the Sons and Daughters of Norway that evening. The play represented the troubles of an aristocratic grocer of one of the big cities of Norway, and the nervous and arbitrary character of this particular person was very naturally played by Oscar Greenland, who is an adept at picking up characters in home talent plays. We want to say that the play was splendid, every part well played and full of clean humor.

After the play the ladies served "rommegrod" with cake and coffee. After this young and old enjoyed real old time dancing for several hours.
