

WORLD BROS. CIRCUS

IN COOPERSTOWN JUNE 30

That the World Brothers three ring wild animal show is the biggest show of its kind in the world is undisputed. This show carries more wild animals than any other show traveling and without doubt gives the most sensational wild animal acts ever presented to the American public. In addition to these acts, the usual comedy numbers of the show are given. The big show will arrive at the exhibition point about six a. m. In less than twenty minutes from the time of arrival, the big wagons will be on their way to the show lot where the exhibition tents will be erected. By eleven o'clock the parade will be on the principal down town streets, and at one o'clock the door of the main exhibition tent will be opened. When it is taken into consideration that there are over 100 wagons to be taken to the lot, unloaded, an army of seven hundred people fed, the 600 animals fed and watered, the parade all organized before eleven o'clock—less than five hours, it can be imagined that a superior organization must be in charge of this stupendous task.

There will be merry-go-round, ferris wheel, monkey speedway, submarine show and various other up-town attractions.

The immensity of this aggregation can only be imagined after a visit. It is truly one of the biggest traveling organizations in the world and positively the greatest and largest wild animal exhibition ever conceived.
