

so be a candidate for the office.

Hannaford Enterprise: The position of manager of the light plant remains "in statu quo," as the lawyers say, in spite of the recent village election which resulted in the election of Chas. Goffe to the office of marshal by one vote. At the meeting of the board last night Mr. Goffe qualified as marshal and David Palm was appointed manager of the light plant. There is a lot of criticism of this arrangement but the actions of the village officials are always subject to criticism and abuse, and no matter how or what action is taken there is always someone to find fault, and if any other arrangement had been made, there undoubtedly would have been an equal amount of abusive talk.
