

COURT ADJOURNMENT

FROM MAY TO JULY

Clerk of the District Court Frigard has received word from Judge Englert that the Griggs County District Court session which was to have been held starting May 8, has been adjourned to July 5th.

This adjournment is counted a very favorable thing for the county. The court work in July can be made to clean up the entire calendar and thus make a fall session of the court unnecessary, thus saving the county from an added expense.
