The Jessie Community club held a meeting at the Jessie hall Thursday evening instead of the usual Saturday evening, so as to have it on Washington's birthday. The program consisted of a very good talk by Mr. Manning on the History of George Washington. Mrs. C. P. Dahl gave several readings and J. W. Ressler rendered a never-to-be forgotten song. We wish to say that Mr. Ressler seemed to feel right at home on the stage. Something new for the gathering was the supply of song books, and as a result community singing was enjoyed by everyone.
